# Muclebuke, NEW LIGHT-SIX

#### -only the NEW LIGHT-SIX gives you this exclusive feature

PERFECT and efficient combustion is obtained in the New LIGHT SIX by the ingenious arrangement of the intake manifold and INTERNAL HOT SPOT-an exclusive Studebaker invention-conceived by Studebaker engineers.

You can have the advantage of this motor's wonderful gasoline economy and the satisfaction of its smoothness of operation only by owning a Studebaker LIGHT-SIX.

The remarkably low price of this car is due to quantity production, low overhead, small profit per car, and the fact that it is completely manufactured by Studebaker in the newest and most modern automobile plant in the world. The elimination of middlemen makes but one manufacturing profit necessary.

See this remarkable car — compare it with any other light-weight automobile on the market — and you will be convinced of the great value it represents.
